Dear Congressman Kelly:

I hope this message finds you well. My name is Keith Conlee, and I serve as Alderman At Large for the City of New Albany. I am writing to respectfully request your consideration and support for the Federal Community Project funding request for the New Albany Police Department.

Public safety remains one of the highest priorities for our community. The New Albany Police Department works diligently to protect our citizens, strengthen community trust, and respond effectively to the evolving challenges facing law enforcement today. However, like many small but growing communities, our department faces resource limitations that impact its ability to fully meet these demands.

Community project funding would allow the City of New Albany to invest in critical needs such as updated equipment, enhanced officer training, technology improvements, and community-oriented policing initiatives. These investments would not only improve officer safety and efficiency, but also help ensure continued positive engagement between law enforcement and the citizens they serve.

New Albany has experienced steady growth and remains committed to being a safe, family-oriented community where businesses can thrive and residents feel secure. Support from your office would make a meaningful difference in helping us maintain that standard while preparing our police department for future needs.

Thank you for your continued service to Mississippi and our country. Also, thanks again for your consideration of this request. I would welcome the opportunity to discuss this project further or provide any additional information your office may require.

Respectfully,

Dear Congressman Kelly:

On behalf of the Board of Aldermen of the city of New Albany, I am writing to express my strong support for the city of New Albany, Mississippi's Community Project Funding request for the New Albany Police Department. This project will provide critical resources to enhance public safety through the purchase of new vehicles and updated equipment for our officers.

The New Albany Police Department serves as the backbone of public safety in our community, working tirelessly to protect and serve our residents. However, the department's current fleet and equipment are outdated and increasingly difficult to maintain, creating challenges in daily operations. We have attempted other avenues such as leasing a fleet, but that project was not feasible with the continuing increase in monthly cost of maintaining and renewing the leases. By investing in new patrol vehicles and essential equipment, the department will be better positioned to respond quickly to emergencies, ensure officer safety, and strengthen their ability to serve our growing community.

This project represents a vital step in ensuring that the men and women of the New Albany Police Department have the tools they need to keep our citizens safe. It will directly benefit not only our city but also the surrounding areas that rely on their service and support.

Dear Congressman Kelly,

As alderman of Ward 1 in the city of New Albany, I wish to express my support for The Community Project Funding request for the New Albany Police Department. This project will go a long way in providing sorely needed resources and updates to outdated equipment, which will greatly help us maintain the high standards of the NAPD.

New Albany is a growing community. Our Chief Chris Robertson and the exceptional men and women on his force have done an incredible job keeping our community safe. I have never known Chief Robertson to ask for anything unless he truly felt that it was needed to protect his officers and the citizens of New Albany.

I really appreciate your leadership and hope you will do what you can to support this request. I believe that it will help New Albany and surrounding communities in Mississippi's First Congressional District.

Sincerely,

A. Parks Smith

Dear Congressman Kelly,

I am writing to express my emphatic support for the City of New Albany, Mississippi's Community Project Funding request to provide essential resources for the New Albany Police Department. This critical funding would equip the department with modern patrol vehicles and essential technology, profoundly strengthening public safety and officer effectiveness across our community.

New Albany thrives on the pillars of safety, good governance, education, and social cohesion. The New Albany Police Department serves as the foundation for safety, ensuring stability and opportunity for all residents. However, outdated vehicles and equipment currently hinder response times, compromise officer safety, and limit the department's capacity to serve our growing community.

Investing in these vital pillars, particularly safety, will significantly benefit New Albany and neighboring regions that rely on the department's support. By equipping our officers with the tools they need, we enhance their ability to protect and serve effectively.

Thank you for your leadership in advancing this funding request and your steadfast commitment to the people of Mississippi's First Congressional District. I respectfully urge your support for this essential initiative.

Re: NAPD/Community Project funding request

Dear Trent:

It was good to see you again recently at the event in Tupelo, where many of your supporters had a chance to meet and greet. Too bad that the rain caused a change from the rooftop to a ground floor location. There was still a pretty good turnout, and I hope you received a reasonable amount of donations. I thought your talk was very good and addressed important subjects.

This letter is primarily to let you know that I strongly support New Albany's Police Department, and the request being made for funding from Mississippi's Community Project Funding for NAPD. You already know, I presume, that this project will provide badly needed enhancement and improvements for new vehicles and equipment for NAPD.

New Albany has been fortunate to have what seems to me to be less crime and instances where NAPD is involved, but things have reached the point where the Department's fleet of vehicles can hardly be called a "fleet" any longer. Their vehicles are requiring repairs almost daily just to remain usable. NAPD equipment is badly outdated to the point of almost being ineffective.

Our city has supported you since your first election, and now we need your help. So please do what you can as our U.S. Representative to promote and move forward to issuance of the request noted above. It will directly benefit not only New Albany and NAPD, but also other near-by areas of our State, which NAPD serves directly or indirectly, Thanks for your help.

Sincerely yours,

The New Albany Police Department serves as the backbone of public safety in our community, working tirelessly to protect and serve our residents. However, the department's current fleet and equipment are outdated and increasingly difficult to maintain, creating challenges in daily operations. By investing in new patrol vehicles and essential equipment, the department will be better positioned to respond quickly to emergencies, ensure officer safety, and strengthen their ability to serve our growing community.

This project represents a vital step in ensuring that the men and women of the New Albany Police Department have the tools they need to keep our citizens safe. It will directly benefit not only our city but also the surrounding areas that rely on their service and support.

I sincerely appreciate your leadership in advancing this request and your continued dedication to supporting the safety and well-being of the people of Mississippi's First Congressional District.

Sincerely,
Philip Brock
