Dear Congressman Kelly,

My name is BJ Canup, and I am the owner of Tremont Floral. As a local business owner, employer, and long-time resident of Fulton, MS in Itawamba County, and a voter in your district. I am writing to personally express my strong support for the Community Project Funding request submitted on behalf of the Fulton Police Department.

Operating a business requires stability, safety, and confidence in our local institutions. Our law enforcement officers play a critical role in providing that foundation. Whether responding to emergencies, protecting businesses after hours, supporting community events, or simply maintaining a visible presence that deters crime, their work directly impacts the ability of businesses like mine to operate successfully and serve our customers.

Modern, reliable equipment is essential for officers to do their jobs safely and efficiently. As demands on law enforcement continue to grow, ensuring they have updated tools and resources is not only a matter of operational effectiveness but also of officer safety. This funding would directly strengthen their readiness, improve response capabilities, and enhance public safety throughout our community.

From a business perspective, investing in public safety is an investment in economic stability. Safe communities attract customers, support local growth, and create an environment where families and businesses can thrive. Supporting this request demonstrates a commitment to protecting both the people and the economic vitality of our region.

I appreciate your continued leadership and your focus on initiatives that deliver meaningful, practical benefits to the communities you represent. I respectfully urge your support for this important Community Project Funding request.

Thank you for your time and consideration.
