Dear Congressman Kelly,

It is my pleasure to write a letter in support of the proposed infrastructure priorities being submitted for legislative consideration for the City of WestPoint, MS. Mayor Rodrick Bobo and the Board of Selectmen have continuing forethought and sincere desire to enhance the standard of living and public safety for the residents of West Point. The elected officials, their staff, and employees have worked tirelessly to improve aged, deteriorating infrastructure and improve public safety. Necessary improvement cost cannot be supported with local taxpayer funds alone. However, the community can certainly do so with the excellent support and resources provided through state and federal levels.

The city's three (3) top priorities for consideration for this legislative session are:

1. Water and sewer infrastructure
2. City wide cameras/school safety measures
3. Community Center/Storm Shelter

In conclusion, I fully support the efforts of the City of West Point as they seek federal funding to support a program designed to benefit all the residents of their community.

Sincerely,
