

State of Mississippi
Office of the Lieutenant Governor
DELBERT HOSEMANN
Lieutenant Governor

April 3, 2025

The Honorable Trent Kelly
U.S. House of Representatives
2243 Rayburn House Office Building
Washington, D.C. 20515

Dear Congressman Kelly,

I am writing to offer my full support for the City of Saltillo's Police Department's request for funding through the Department of Justice's Community Oriented Policing Services (COPS) program to upgrade essential law enforcement equipment. I see this investment as not only necessary but urgent for the safety and well-being of the entire community.

The requested funding would allow the department to modernize critical tools—such as patrol vehicles, firearms, and law enforcement technology—that directly impact officer effectiveness and public safety. Right now, many of these resources are outdated or stretched thin, putting additional strain on officers and limiting their ability to respond quickly and safely.

New patrol cars will improve response times and officer visibility in high-risk areas. Updated firearms and protective gear will ensure officers are equipped to handle increasingly dangerous situations. And new technology—like body cameras, communication systems, and data analysis tools—will increase transparency, accountability, and efficiency in law enforcement operations.

This is a smart and responsible use of taxpayer dollars. Upgrading law enforcement equipment isn't just about hardware—it's about giving officers the tools they need to protect and serve effectively, and giving their community the peace of mind that we are investing in safety, trust, and long-term resilience.

As Lieutenant Governor, I respectfully urge your support for this project and ask that you include the City of Saltillo's COPS equipment funding request among your FY26 community project priorities.

Thank you for your continued dedication to law enforcement and public safety across Mississippi.

Sincerely,

C. Delbert Hosemann, Jr.
Lieutenant Governor
State of Mississippi

DANIEL DEFENSE DDM4V7			15	\$1,999.99	\$29,999.85	DD02-128-10093-047	57957
The DDM4 V7 AR15 style firearm features M-LOK attachment technology with the Daniel Defense MFR 15.0 rail. Built around a Cold Hammer Forged, 16 inch barrel, the V7 has a DD improved Flash Suppressor to reduce flash signature. The mid-length gas system provides smooth and reliable cycling under any condition and reduces both perceived recoil and wear on moving parts. With the M-LOK attachment points that run along 7 positions and an uninterrupted 1913 Picatinny rail on top, the V7 has plenty of room for the sights, optics, and accessories the user may require. The independently ambi GRIP-N-RIP Charging Handle accommodates left- and right-handed shooters.

CONDOR CBT 2 POINT BUNGEE SLING			15	\$35.99	\$539.85	US1002-001	57959
The versatile CBT Two-Point Bungee Sling from Condor Outdoor Products, Inc. easily converts from a two-point sling to a single-point sling, and back again depending on your requirements. The sling is used to carry rifles over the shoulder or across the chest or back. The dual-bungee construction ensures maximum strength and shock absorbency, so uneven terrain is never an issue. The Condor Sling quickly attaches to any rifle using HK snap hooks located on either end of the sling. The hooks are covered with an elastic sleeve, offering added protection when not in use. A quick release buckle rapidly separates the rifle from the sling, allowing the weapon to be deployed in an instant. The sling is made from 1.25-inch webbing with heavy-duty Duraflex buckles.
