The Honorable Trent Kelly
2243 Rayburn House Office Building
Washington, DC 20515

Dear Congressman Kelly,

I am writing to express my strong support for the Community Project Funding request submitted on behalf of the City of Olive Branch Police Department.

This funding would provide essential equipment that will directly support law enforcement officers in their daily mission to protect the public and maintain community safety. Reliable, modern equipment is critical for effective policing, officer safety, and timely emergency response. This investment would help ensure the department has the tools necessary to meet the needs of the community it serves.

The City of Olive Branch Police Department plays a vital role in safeguarding residents, responding to emergencies, and supporting public safety efforts across the community. As demands on local law enforcement continue to increase, access to updated equipment will enhance operational readiness and improve overall service to the public.

This project represents a responsible and targeted use of federal funds that will deliver tangible benefits to the community. By strengthening law enforcement capabilities, it will help create a safer environment for residents, businesses, and visitors while supporting the officers who work every day to keep our community secure. Investing in these critical resources now will prevent larger costs in the future by improving efficiency, reducing risk, and ensuring preparedness for emerging challenges.

Thank you for your continued leadership and commitment to supporting local communities and public safety. I respectfully urge your support for this important Community Project Funding request.

Sincerely,

Kenneth R. Adams, Mayor
City of Olive Branch
Olive Branch, MS
662-892-9201

Dear Congressman Kelly:

I am writing to express my strong support for the Community Project Funding request submitted on behalf of the City of Olive Branch.

This funding would provide essential equipment that will directly support law enforcement officers in their daily mission to protect the public and maintain community safety. Reliable, modern equipment is critical for effective policing, officer safety, and timely emergency response. This investment would help ensure the department has the tools necessary to meet the needs of the community it serves.

The City of Olive Branch Police Department plays a vital role in safeguarding residents, responding to emergencies, and supporting public safety efforts across the community. As demands on local law enforcement continue to increase, access to updated equipment will enhance operational readiness and improve overall service to the public.

This project represents a responsible and targeted use of federal funds that will deliver tangible benefits to the community. By strengthening law enforcement capabilities, it will help create a safer environment for residents, businesses, and visitors while supporting the officers who work every day to keep our community secure. As you are aware, the steady growth of Olive Branch and sustainability of our economic development efforts are largely due to the safety and livability of our community.

Thank you for your continued leadership and commitment to supporting local communities and public safety. I respectfully urge your support for this important Community Project Funding request.

Mini Solar Surveillance System

Portable Reliable 24/7 Video Surveillance

- **Secure job sites**
- **Deter theft**
- **Promote safety**

The Wanco® Mini Solar Surveillance System is an all-in-one portable video solution, manufactured in America to be rugged and dependable.

The system comes equipped with a feature rich camera system—one pan-tilt-zoom infrared camera with configurable recording (a second camera is optional)—and can be deployed by a single person in less than 10 minutes.

Instantly add security and safety to virtually any location with the Wanco Mini Solar Surveillance System.

Please add any applicable sales tax. All terms are based on approved credit.

For equipment shipping from the factory, the shipping address must have a forklift and forklift operator, or loading dock. Additional fees may apply if location cannot unload equipment. Dealer to perform safety check on all equipment upon delivery, which may include tire inflation, drawbar connection, and connecting tail lights. Equipment will ship on open flatbed commercial truck and may need to be washed on arrival.

Dealer is responsible for registration filing and fees if required by local jurisdiction. Wanco will mail certificates of origin to the billing location upon shipment of equipment.

All products sold with Fleet Manager access may require additional data subscription. Fleet Manager is owned and maintained by Wanco and therefore all data collected and residing in Fleet Manager is property of Wanco. Wanco reserves the right to use data as needed.

\$50.00 of the amount that you paid for this vehicle will be used to pay the sales tax on the vehicle.

SKYWATCH®

Mobile surveillance and deterrence tower

APPLICATIONS

MAJOR VENUE
CROWD CONTROL

HIGH-CRIME AREA
MONITORING

MISSING PERSON
COMMAND

FLIGHT LINE
PROTECTION

PERIMETER
PROTECTION

GATE OVERWATCH

HIGH VALUE EQUIPMENT
PROTECTION

PARKING LOT
SURVEILLANCE
AND DETECTION

Rising over two stories, SkyWatch is a rugged, highly reinforced mobile surveillance platform with arching ascend that can withstand 60 mph winds while keeping the operator safe, comfortable, and focused. Portable and rapidly deployable, it provides a strategic perspective and deterrent. Customize payload with pan-tilt IR, night vision, visible light cameras, in-cab controls, ground radar, monitors, Network Video Recorder (NVR), and searchlights.

Operators have 360° visibility from an ergonomic command desk in the temperature-controlled cabin. Optional public address system, full-function siren, and roof-mounted, high-powered searchlights with internal pan/tilt control allow operators to alert ground support and crowds of an immediate threat. Wireless video streaming and remote control allow operators to take advantage of the elevated perspective without sitting in the cabin. More than 1,000 SkyWatch systems have been delivered globally.

FEATURES

RAPID DEPLOYMENT AND FULL PORTABILITY

Towable practically anywhere, one trained person can deploy SkyWatch in minutes, safely raising it in about 90 seconds.

POWERFUL MULTI-SENSOR CAPABILITY

All PTZ thermal/day or day/night cameras available and fully integrated into cab along with a 24" monitor, in cab controls and NVR. Wireless connectivity is also offered.

FLEXIBLE DISPLAY VIEWS

Full screen, split-screen display, and two fields-of-view within SkyWatch cab monitor as well as remote streaming video and camera control.

TEMPERATURE-CONTROLLED TOWER

Keep operator comfortable, protected against up to 60 mph gusts, and engaged in active surveillance.

SEE, FIND, DOCUMENT EFFICIENTLY

Payload options include fixed or pan-tilt IR, night vision, visible-light cameras, ground radar, NVR, and searchlights.

Thank you for choosing Wanco!

Wanco Compact Light Towers

Diesel Models

WALi 4K • WALi 6K • WALi Pro 6K • WALi Premium 8K

WALi 4K

Compact model with big features

The base model shines bright with over 200K total lumens and a reliable Mitsubishi® 2-cylinder liquid cooled engine for run time of 250 hours before refueling. Upgrade to a Kubota® engine for run time of 310 hours.

Aim the lights individually from the ground, without tools, with the tower all the way down. Raise the tower to any height up to 24 feet with the hand-operated winch. Rotate the tower nearly 360 degrees even when extended, and operate the lights at any height.

FEATURES

- Four 350W LED lights
- 210,000 total lumens
- 24-foot tower
- Mitsubishi 2LE engine
- 4 kW generator
- One 120V 20A GFCI receptacle

UPGRADES

- Auto-start/stop controller
- Selectable shore power inlet switch
- Kubota® Z482 engine for increase to 310-hour run time
- Combination tow hitch

WALi 6K

Genset upgrade for more power

The 6K model is spec'd closer to the classic diesel light tower everyone is familiar with. It gives you more juice for your power tools with a dependable Kubota 3-cylinder engine and 240 hour run time before refueling.

This model includes the same tower, winch and lights as the base model listed above.

FEATURES

- Four 350W LED lights
- 210,000 total lumens
- 24-foot tower
- Kubota D1005 engine
- 6 kW generator
- One 120V 20A GFCI receptacle

UPGRADES

- Auto-start/stop controller
- LED balloon lights
- Power operated winch
- Selectable shore power inlet switch
- Low-speed engine for 300-hour run time
- One 240V twist-lock receptacle
- Cold weather package
- Combination tow hitch

Buyer understands that the prices listed are current at the time of purchase, but are subject to change due to Tariffs, Covid Pandemic, and Material Cost(s). Buyer understands standard features and materials are subject to change based on availability without notice. Measurements are estimates and believed to be reasonably accurate. Venue of all legal proceedings between Buyer and Seller shall be in Pasco County, Florida. The parties waive their right to trial by jury. The prevailing party in any litigation between the parties regarding this Purchase Order shall be entitled to recover their reasonable attorney fees from the non-prevailing party. Buyer has reviewed this purchase order for accuracy.

The undersigned agrees they have read and agree with the Terms and Conditions of this purchase.
