To Whom It May Concern:

The Prentiss County Sheriff's Department and the Prentiss County School District have developed a strong partnership to ensure the safety and well-being of our communities, our students, and staff. Their attention to detail and devotion to the safety of our citizens and students is remarkable. In my 14 years as a school administrator, I have not witnessed such a strong partnership and commitment to school safety.

It is my request that you would strongly consider and give your full attention to reviewing the Prentiss County Sheriff's Department funding request associated with the DOJ - COPS/Byrne Equipment Grant. The equipment is desperately needed and will greatly benefit the residents of Prentiss County, including my students and staff. The Prentiss County Sheriff's Department is proactive in engaging in training to help better equip them for any unexpected event. This grant will provide needed equipment to ensure this continues at a high level.

I am available to discuss in detail our partnership and their commitment to the safety and well-being of our citizens. Please don't hesitate to contact me if I can provide additional information.

Thank you for your assistance in this matter. I appreciate the hard work you and your staff do for our communities.

With Prentiss County Pride,

Nickey Marshall
