Dear Congressman Kelly,

I am writing to express my strong support for the Community Project Funding request submitted on behalf of the Tippah County, MS, Sheriff's Department.

This funding would provide essential equipment that will directly support law enforcement officers in their daily mission to protect the public and maintain community safety. Reliable, modern equipment is critical for effective policing, officer safety, and timely emergency response. This investment would help ensure the department has the tools necessary to meet the needs of the community it serves.

The Sheriff's Department plays a vital role in safeguarding residents, responding to emergencies, and supporting public safety efforts across the community. As demands on local law enforcement continue to increase, access to updated equipment will enhance operational readiness and improve overall service to the public.

This project represents a responsible and targeted use of federal funds that will deliver tangible benefits to the community. By strengthening law enforcement capabilities, it will help create a safer environment for residents, businesses, and visitors while supporting the officers who work every day to keep our community secure.

Thank you for your continued leadership and commitment to supporting local communities and public safety. I respectfully urge your support for this important Community Project Funding request.

Sincerely,

Joseph Kyle Smith

Dear Congressman Kelly,

I am writing to express my strong support for the Community Project Funding request submitted on behalf of the Tippah County Sheriff's Department. In my role as County Prosecutor and my firm's role as County Board attorney, I work closely with the Tippah County Sheriff's Department on a regular basis.

This funding would provide essential equipment that will directly support law enforcement officers in their daily mission to protect the public and maintain community safety. As you are well aware, our small community simply cannot afford all of the equipment that larger departments are fortunate enough to have at their disposal. Reliable, modern equipment is critical for effective policing, officer safety, and timely emergency response. This investment would help ensure the department has the tools necessary to meet the needs of the community it serves.

The Tippah County Sheriff's Department plays a vital role in safeguarding residents, responding to emergencies, and supporting public safety efforts across the community. As demands on local law enforcement continue to increase, access to updated equipment will enhance operational readiness and improve overall service to the public.

The project represents a responsible and targeted use of federal funds that will deliver tangible benefits to every member of our community. By strengthening law enforcement capabilities, it will help create a safer environment for residents, businesses, and visitors while supporting the officers who work every day to keep our community secure. An often forgotten side effect of this equipment investment is the major positive impact it would have on officer safety and moral.

AURORA PRO 950 XT 8X8

OFF TO THE BOONIES.

The ARGO Aurora Pro 950 XT 8x8 is a game-changing machine that goes beyond the limitations of traditional transportation, enabling commercial industries to safely achieve the seemingly impossible. With its exceptional load capacity, towing capabilities and advanced safety features like ROPS, the 950 XT can safely transport heavy equipment, supplies and personnel to remote locations previously inaccessible.

The vehicle's durable rack, brushguard and winch are built to withstand rigorous use. Keep maintenance quick and easy too with its automatic chain lubrication and easy-access grease system, providing reliable performance and reducing downtime. The next big project is waiting. Don't forget to pack your lunchbox.

Purchase Terms

Freight is based on delivery of walk-through metal detector(s) and accessories to a (single) location. Customer must have a loading dock and the ability to unload the trailer. If a lift gate or inside delivery is required, additional charges could apply.

FOB Garland.

All sales are pursuant to [Garrett Terms and Conditions](#)

International Freight Estimates are Subject to Change:

The freight estimate is based on transportation, customs duties, tariffs, taxes, and other third-party fees prevailing on the date of this document. It is not a guaranteed fixed price. We reserve the right to adjust the final invoice amount to reflect any new, increased, or changed duties, tariffs, or taxes levied by government authorities between the date of this estimate and the date of product delivery. Transportation estimates are valid for 15 days from the date of this document.
