The Honorable Congressman  
Representative Trent Kelly  
United States House of Representatives  
702 Hart Senate Office Building  
Washington, DC 20510

Attached Sir you will find a combined list of names that were gathered to address the issues of roads and bridges in the Big Creek Area. They are writing in support of appropriations for the Yalobusha River dredging problems that causes flooding issues all the way to Calhoun City, MS and Bruce, MS.

Each rainy season that goes by the flooding conditions come in higher and higher affecting properties, roads, and bridges that have never had to worry about flood waters in the past. The list is attached for support of the Army Corps of Engineers to engage in the cleanup of the dredge area that has reached now up to 6 miles of log blockage. We appreciate your willingness to address this major issue in our Towns and communities in Calhoun County, MS.

Yours truly,  
Alderman Marshall W. Coleman
